## Behavioral Health Billing Guidelines

Effective Date:

January 7, 2021

---

In order to ensure timely and accurate payments, Blue Cross Blue Shield of Wyoming asks that providers of the following mental health and substance abuse programs bill as follows. This policy applies to all BCBSWY lines of business except Medicare crossover claims.

### Guidelines

Intensive outpatient (IOP) services should be billed on a CMS 1500 form or an 837P electronic claim.

Partial hospitalization, residential care, acute care, and detox should be billed on a UB-04 form or an 837I electronic claim. All institutional claims should be billed with Type of Bill 086x. For interim claims a primary and admitting diagnosis is required (Box 69 on a UB-04, Loop 2300 on an 837I).

The following table highlights the permissible revenue and procedure codes by service.

### Revenue and Procedure Codes

Service	Psychiatric		Substance Abuse	
	Revenue Code	HCPCS	Revenue Code	HCPCS
Intensive Outpatient	N/A	S9480	N/A	H0015
Partial Hospitalization	0912, 0913	N/A	0912, 0913	N/A
Residential Treatment	1001 0114, 0124, 0134, 0144,	N/A	1002 0116, 0126, 0136,	N/A
Acute Care/Detox	0154	N/A	0146, 0156	N/A

For patients with dual diagnoses, please bill the appropriate substance abuse codes. BCBSWY does not accept revenue code 0911. The provider should bill the appropriate code listed above per the level of care provided.
